# President's Message

I will begin with some very good news. The Maryland Token and Medal Society now has a new Treasurer. Bill Stratemeyer has stepped up and volunteered to fill the vacancy left when Karl Keller decided to move to Pennsylvania. I want to heartily thank Bill for jumping in where no one else was willing to venture. After several futile calls for someone to take this position, Bill took it. Many thanks to him.

We had another successful swap-meet after our two earlier weather related cancellations. Thanks to Dot Hajek and Marge Burford. Dot laid out her usual fine lunch and Marge brought a very tasty chocolate cake. I know all who came enjoyed both the refreshments and the hobby discussions, trading, selling, etc. Remember, we will have a second swap meet this year in October. Try to get there as it is always fun.

By the time that you receive this, we will have had our 2010 annual meeting at the June Whitman Show. I hope that all who attended enjoyed the grab bag giveaways. I also want to share the 2010 Literary Awards. The A. Vernon Taylor Literary Award winner was Jane Sears for her article: "S.S.Barnes & Company" (Winter 2009). Jane was also selected as the second place/runner-up winner for her article:"Emile Caye" (Fall 2009). Because of her frequent and outstanding, recent literary contributions, MD TAMS presented Jane with a certificate of Outstanding Service. Her research has been superb and her numerous well researched articles have helped to attribute, document and focus the hobby's attention on both Maryland history and collectibles. Well deserved kudos and a major thanks to Jane. Don Curtis received the new author award for his initial literary foray in the MD TAMS Journal. I want to also thank all the other regular Journal contributors; especially, Russ Sears, Wally Stone, Mill Hajek and Bernie Bodt who are all regular contributors. Major thanks goes out to Will Mumford for all his time and efforts to publish our outstanding Journal. We also gave out our yearly recognition for the person who brings in the most new members. Congrats to Jim Boswell who regularly wins this honor. Atta Boy Jim! Speaking of new members, If you know of anyone who collects MD tokens and medals and does not belong to our fine organization, please ask them to consider becoming a member and attending one of our meetings. We always need new blood.

At the June Baltimore Area Numismatic Coalition (BANC) coin show, there were not many MD TAMS members there. Just a reminder that MD TAMS is one of the BANC clubs and we need your support. The last BANC show this year is Sunday 26 September 2010. Please come out to both work and shop.

# The Judge James P. Gorter Medallion

By: Russ Sears

James Polk Gorter was born on August 27, 1858. He attended school at Charles M. Maguire's school in Baltimore, Anne Arundel County Academy (1871-2), St. John's College Preparatory Department (1872-4), and received his B. A. at St. John's College. In 1877, he received his L. L. B. degree at the University of Maryland Law School. St. John's college awarded him a Master of Arts degree in 1881 followed by a L. L. D. degree in 1912.

Gorter studied law with Alexander H. Hagner in 1878. He became a public school teacher and taught in Annapolis from 1879-80. Returning to law, he joined the law practice of H. Arthur Stump and Henry D. Harlan. In 1891, he served in the Maryland State Senate. He became Baltimore City Attorney from 1892-96 before serving as Baltimore City Collector from 1899-1903.

His first appointment to the bench was in 1907 when he was made an Associate Judge of the Supreme Bench of Baltimore City. He continued in that position until 1922 when he was promoted to Chief Judge in which job he stayed until his retirement in 1928. He died in 1939.
Source: Archives of Maryland.

At the time of his retirement, the Baltimore legal community formed a committee to have a medallion made as a thank you for Judge Gorter. The head of The Judge Gorter Medallion Committee was Charles Harley, a leading attorney. He contracted with Baltimore jeweler Carl Schon to make one gold and one bronze medallion at a total cost of $ 425.00.

Ordinarily we write articles about tokens, medals and related exonumia. We have never seen the Gorter medals, but own the bill from Carl Schon. This bill was in the files of what was once the law practice of Charles Harley. When the firm ceased to exist, a local man assembled the files and offered the various papers to local collectors.

# Fosdick, Mitchell & Hild

By Jane Sears MD TAMS LM 12

The firm of Fosdick, Mitchell & Hild was in business for a total of 132 days. Edward H. Fosdick was from New York having the Fosdick shipping lines. While Henry H. Mitchell was from Norfork, Virginia, he joined George J. Hild from Baltimore to enlarge and extend the wholesale notion and fancy goods buiness with Jacob B. Trammelle in 1865.

I have found in my research the establishment of the company on September 24, 1866 and the dissolving of the company on February 2, 1867. Listed below is the copy of the advertisements. Since they were in business for just a short time, there was no possible way that they were listed in the directory.

# BASIL BROTHER'S, ICE DEALERS

### BY W. WALLACE STONE R-47

The Basil Brother's Ice Dealers token is a new addition to the Maryland Merchant token listing compiled and produced by the Maryland Token and Medal Society in the recently released supplemental list of newly attributed tokens.

The tokens' history goes back to at least the year of 1908, where the company was listed prominently in the Sanborn Insurance Maps of Annapolis, Md. and showing the company's operation being located at the corner of Calvert Street and Bladen Street. The Sanborn listing indicates they were a Lumber and Coal company. Two years later the 1910 Annapolis City Directory continued to show the same address, however the Ice Dealer was a new directory addition to their title. The directory also listed a second address as 130 Main Street.

The F.S. Gould & P.R. Halleron "City Directory of Annapolis Md." for the 1910 edition indicated the residence of Edgar Basil as Franklin Street, without a numerical reference and that of John Basil residing at 198 Prince George Street. Both homes were an easy walk to their business. An interesting side note was the price of the City directory at that time was $2.50 A much later City Directory, that of 1976, was still showing a member of the Basil family living in the house on Franklin Street.

The Basil Brother's token is brass , measures 24 MM with a dentil border on both obverse and the blank reverse. The location of the business in 1908 at the corner of Bladen and Calvert Streets has seen considerable changes over the ensuing 100 years. Today this section of Annapolis is occupied by the Maryland State Government with buildings and parking garages for the high number of automobiles required for this State function. In bygone years the neighborhood was heavy commercial with many of the buildings offering home sites on the second floor of shops and businesses. The corner occupied by the Basil's today is now the home of the Maryland Treasury Building, recently renamed as the Louis L. Goldstein Building.

# George D. Gorrell, Canner

## Calvary, MD

### By Bernie Bodt R-282

In a recent interview with a Harford County octogenarian, it was learned her grandfather, George Denver Garrell (1897-1939) canned at Calvary, Maryland. The Calvary Post Office, which closed in 1909, was located approximately two miles south of Churchville. The Maryland State Gazetteer and later editions of Canners Directory listed him as being in operation from 1898-1927.

There are two (2) tokens known to exist for this operation. Both are brass and have the initials G. D. G. with no denominations. Detailed descriptions are given below:

1) G. D. G. (incuse)
   (blank)
   Brass, 21mm, beaded edge

2) G. D. G. (incuse)

   Brass, 20mm, reeded edge

# A SHORT VISIT DOWN A LONG ROAD

BY W..WALLACE STONE R-47

On the way home from attending funeral services in Berlin. Md. our journey took us through the suburbs of Vienna, Maryland on the banks of the Nanticoke River . At this time we noticed a sign pointing towards Elliott's Island and stating it was 22 miles. Having three canning company tokens in my collection from Elliott it seemed a good opportunity to explore the lower part of Dorchester County and check out Elliott Island and see what it looks like.

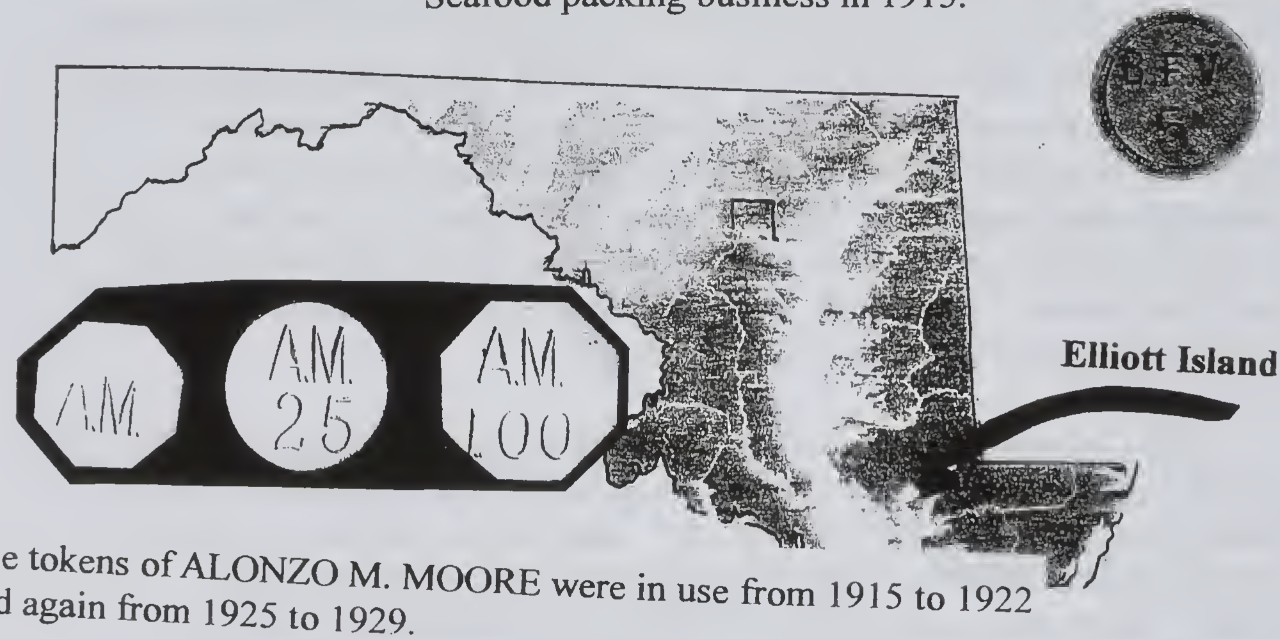
The route form Vienna to Elliott's Island is for the most part a straight shot South, however this does not take into account the numerous corn fields that you must skirt around rather than continue on a direct path. Mile after mile of flat fields and as you progress further the marsh grass and reeds become prevalent. The marsh grass grows to a six or seven foot height and is the natural habitat for the red winged black bird with his distinctive shrill song. The further south you proceed the lower the elevation becomes and at times the waters of Fishing Bay off to one's right hand side become increasingly closer to the road bed, as well as more and thicker marsh grass and reeds. Lots of crows.

After what seemed an awfully long time we finally arrived at Elliott when we could stop and look around. Its appeared that there were about 35 houses comprising the village of Elliott. Some facing Fishing Bay and the remainder inland a few hundred feet on elevated ground that was a bit higher. Some other interesting facts focusing on Elliott are as follows; Elliott Island is within the Fishing Bay Wildlife Management Area which encompasses 29,000 acres in southern Dorchester county. A new book has been published entitled "Elliott's Island the land that time forgot" by A.M. Foley and F.T Waller. Elliott's Island is one of 44 listed islands in Dorchester County. One hundred years ago the Fishing Bay was home to numerous working Bugeye's and Skipjack's in the seafood and oyster industry. During the period of 1915 to 1930 there were ay least three canning companies working in Elliott.

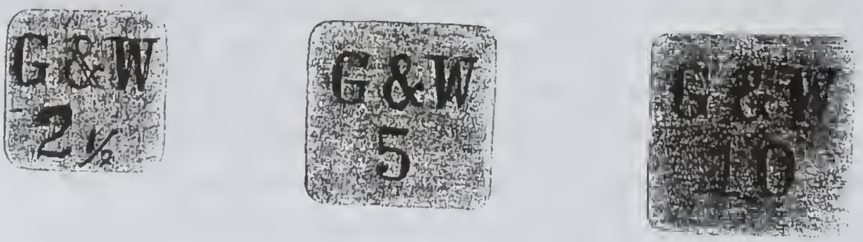
A few hundred feet south of town on Wharf Road is a newly constructed boat harbor intended for the commercial fisherman to dock their boats. Today this group is represented by the current mode of gas or diesel powered power work boat. This has been a joint venture with the Maryland Department of Natural Resources and the Dorchester County land office. This venture has been constructed to high specifications and should remain in operation for many years to come, offering the commercial watermen a good home at Elliott Island.

Our visit completed, we retraced our path back to Vienna and continued on our homeward trek. Leaving Elliott, we had the feeling that the location is remote, the land low and flat, and life of the waterman is indeed a hard one today as it was one hundred years ago.

BENJAMIN FRANKLIN VEACH. His company was also in the Seafood packing business in 1915.



The tokens of ALONZO M. MOORE were in use from 1915 to 1922 and again from 1925 to 1929.



GRAY & WALLER Were in the seafood canning business during the 1920's.......Prettyman Gray & partner Tom Watson.

# THREE BROTHERS

JOE BURFORD MD TAMS R241

They are a modern day general store. Like the ones you use to see out in the country. The tokens that you can buy or get when you cash in your big lottery winnings. You can use then in the car wash or the Laundromat. They have two types of backs.

Three brothers started a General Store at 3114 Frederick Ave. in 1958. They expanded their business by purchasing a bar across the street at 3061 Frederick Ave. They gave up the bar and moved their store into the space. The three brothers that ran the store were: John, Tom and George. Tom retired ten years ago and George helped in later years. John's son, Mark now runs the store with his father's help. The Sun newspaper ran an article on them in their August 13, 2006 issue. One thing about their store is that nobody can beat their prices on money orders, check cashing or any of their merchandise.

On the next two pages you will see some of the stuff that they sell. They also have groceries and a deli section...and lots more!

# Which Birth Date are you !

By Jane Sears MD TAMS LM 12

A Mother Goose Rhymes

Monday's Child is fair of face,
Tuesday's Child is full of grace,
Wednesday's Child is full of woe,
Thursday's Child has far to go,
Friday's Child is loving and giving,
Saturday's Child works hard for a living,
But the Child that is born on the Sabbath Day,
Is bonny and blithe, and good and gay.

*Note: An alternative version has as the last line:*
"Is fair and wise and good and gay."

How many of you remember this rhyme. My grandmother left me at least one thing that was useful. The calendars for the years 1800 to 2050. It has been useful in my genealogy research and also looking up newspapers. The early additions usually didn't print issues on Saturday and Sunday. Here you can use the calendar and find the date and day. Hope this is helpful to you.
